

Edinburgh

CH-10800~CH-10831

Our Edinburgh fixtures are solid brass chandeliers, sconces, and pendants. They are made from heaviest brass metal spinnings and thickest-walled seamless tubing. We offer the chandeliers in enormous sizes...up to twelve feet in diameter and almost ten feet tall. At that point these lights are five (5) tiered and have 93 arms. Only for the brave... with very tall ceilings! So for a normal room, we have lots of options. Edinburgh chandeliers can be single or multi-tiered. Finishes are all on top of solid brass with a clear powder coat on top. Medium base sockets are standard for LED lamping.
