

Stratford

CH-11101~CH-11115

Our Stratford fixtures are aluminum or brass chandeliers, sconces, and pendants. They are made from thick non-ferrous materials and thickest-walled seamless tubing. We offer the chandeliers in gigantic sizes...up to twelve feet in diameter and almost eight feet tall. At that point these lights are five (5) tiered and have 93 arms. Only for the brave... with very tall ceilings! So for a normal room, we have lots of options. Stratford chandeliers can be single or multi-tiered. Finishes are all on top of brass or aluminum. Medium base sockets are standard for LED lamping.
