

Marconi

CS-12510

Our Marconi cascades really are just a custom fixture. They are totally adjustable in size and quantity of components. We show this one just as an idea of what is available in our custom world. Marconi is composed of round globes, chrome plated microphones, and short light sabers. Everything is held together and held in balance by an upper mounting plate and lower support ring. Everything is also LED. Long lived replaceable lamps do all the work and are easy to maintain as needed. A very fun fixture that is also a major conversation topic. Just need a tall ceiling...

~Marconi Series~

Cascade: CS-12510

Mounting: Lightsmith fixtures mount to standard 4" octagon electrical boxes unless otherwise specified. All hardware and canopies supplied.

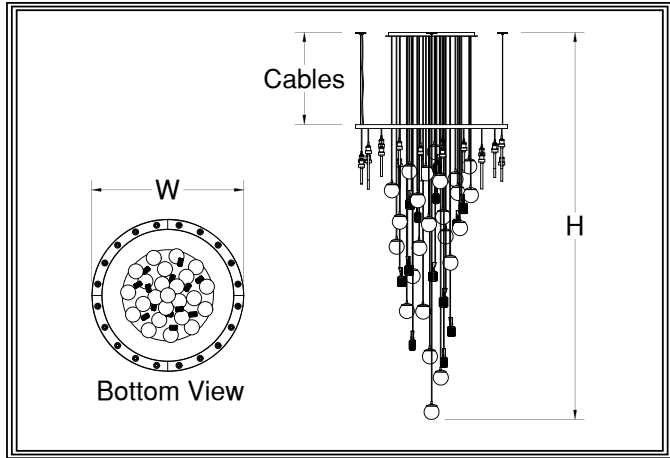

Listing and Warranty: Lightsmith fixtures are Underwriters Laboratories listed and carry a standard three year warranty against defects in materials and labor beginning at date of shipment.
