

Nottoway

1901-PC~1917-PC

Our Nottoway fixtures are just a little space-age oriented. We have actually built a hidden meaning into the frame. Our three heavy side staves and three metal top rings are meant to be a clear Trinity/Cross motif for those looking for inspiration. The lights themselves are completely sturdy from the rigidity of the metal framework and they tend to be longer than most cylinder fixtures. We offer a wide variety of metal finishes. Satin Aluminum is shown on the pendant, but Dark Bronze looks just great in the right room. Take advantage of our LED options if you don't want to be changing lamps for the next 20 years.
