

Hudson

2101-PC~2117-PC

Our Hudson fixtures are strong square metal frames wrapped around acrylic panels with tapered crosses. You'll see in the pendant version that the crosses do not have to be the same color as the frame. Satin gold or brass plays well against a black or statuary frame. And we show alabaster acrylic, but pure white looks great. Hudson lights offer roomy interiors and allow us to put in lots of extras such as LED uplights without even warming the interior cluster a bit. Hudson is a fixture that goes well in contemporary and traditional spaces. Our lamping options, CFL and LED, will make it user friendly for decades.
